

Instructions:

1. Thank you for joining our effort to worship God with our virtual choir.
2. Please watch and sing along with Larry as he plays and sings "[Rejoice In The Lord Always](#)" on the piano.
3. After practicing a couple of times, reduce the volume on your computer (actually it works better if you have headphones, but it's not essential), set up your phone or video recorder and film yourself singing along with Larry.
4. Your video file may be 100 megabytes or more so you won't be able to email the file to me. Please upload your file to our videographer's online account storage account here: [Mark's dropbox account](#).
